

## Wairarapa Championship 21 Jan 2019

True to form Trentham delivered a lesson to all who dared to attempt to battle the conditions... the number of possible scores shot was limited to the number of thumbs on one hand! (Well done Owen) ... and almost everyone without a scope attached to their rifle visited the white at least once...

It was great to see the Seddon range looking in first class condition in preparation to the Nationals and the World championships due to start this coming week.

Use was made of targets 47, 48, 49 & 50 for the first time in many years thanks to the recent range safety modifications.

John Lines up on target 50 @ 1,000 yards on the newly modified end.

Owen moves into presentation mode.
